

AT SMART LIVING

Architectural Smart Home & Luxury Automation Systems

Official Lookbook & Engineering Specification Portfolio

1. WHOLE-HOME INTELLIGENT LIGHTING

Precision circadian rhythm lighting, invisible architectural keypads, and bespoke ambient scenes engineered for luxury residences.

2. ACOUSTIC & CINEMATIC IMMERSION

Architectural in-wall and in-ceiling speakers with zero visible bezel. Dolby Atmos dedicated private screening rooms and multi-zone streaming.

3. CLIMATE, MOTORIZED SHADING & ENERGY

Automated silent motorized drapery and Venetian louvers synchronized with solar tracking algorithms and unified HVAC climate zones.

4. UNIFIED CONTROL & ENTERPRISE SECURITY

Biometric access controls, perimeter AI surveillance, and custom touch panels integrated with Crestron / Control4 / KNX protocols.
